

DATASET REPORT (Wai Yan Tun)

Dataset Title

Gaming and Mental Health Behavioral Dataset (1M, 40 Features)

Field / Domain

Behavioral Science, Mental Health Analytics, Gaming Behavior Analysis, Machine Learning

Dataset Source

<https://www.kaggle.com/datasets/sharmajicoder/gaming-and-mental-health/data>

Dataset Structure

- **Number of Rows:** 10,000,000
 - **Number of Columns:** 39
 - **Format:** CSV
-

Requirement Verification

- ✓ The dataset is a **structured/tabular dataset**, suitable for machine learning analysis.
- ✓ The dataset is **publicly available** via a Kaggle repository, ensuring accessibility and reproducibility.
- ✓ The dataset contains **39 input features (columns)**, exceeding the minimum requirement of 15 columns.
- ✓ The dataset includes **10,000,000 samples (rows)**, which is significantly above the required 10,000 rows.
- ✓ The dataset is **recent (2025–2026 version or update)**, meeting the requirement for up-to-date data.
- ✓ Therefore, the dataset fully satisfies all specified conditions and is appropriate for this project.
